Posing with LSF Royal Augusta x by Montezuma x, the grand champion female at the 1955 Ohio State Sale are, left to right, judge Fred Smalstig, Pittsburgh, and owners Paul Lehnert, Fred Lehnert, Elaine and Bobby Lehnert of Lehnert Stock Farm, Galloway, Ohio. (Columbus Dispatch photo).

A statement from the sale manager in this catalog seems almost unnecessary because the pictures and pedigrees contained in it tell a much more convincing story than can possibly be told by words. In my opinion, this is one of the best bred offerings of the year and those who see the cattle on sale day will agree that they are equally as good as the pictures portray them.

I visited the two farms early in August and was delighted with the sale cattle, the breeding herds and the stock bulls. The cattle in this sale are certainly being supplied by real cattlemen. Paul and Fred Lehnert at Lehnert Stock Farm, and Jack Landen and Don Sigg at Landen Farms are all doing a grand job of producing the kind that will improve the Polled Shorthorn breed.

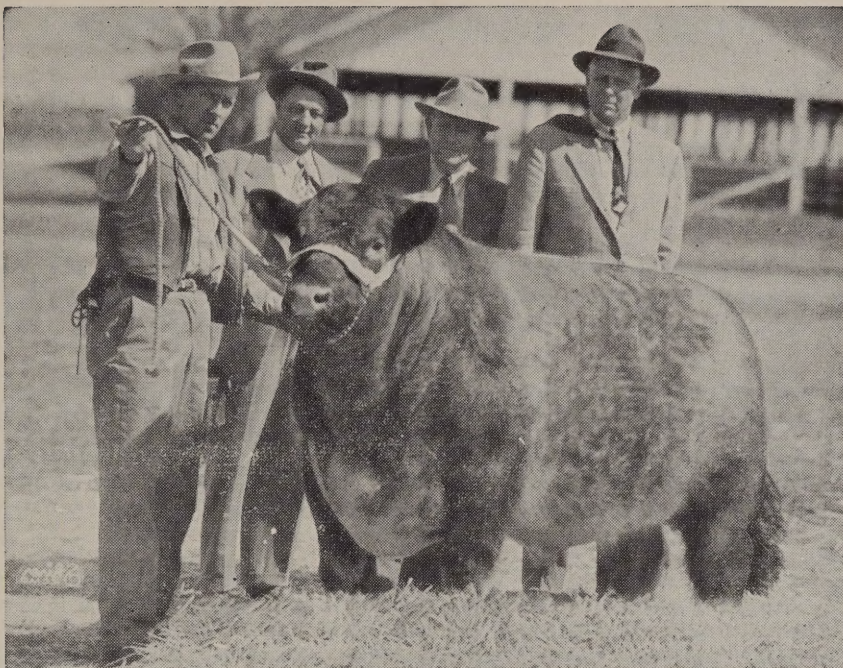

These are TOP cattle — these are healthy cattle — and they are bred to reproduce their kind. The breeders who have supplied this offering deserve a large attendance because they are providing the kind that will extend the popularity of Polled Shorthorns.

## *We Welcome You*

We cordially invite all lovers and breeders of Shorthorn and Polled Shorthorn cattle to be guests at our farm on October 2. Since our facilities at Lehnert Stock Farm are somewhat limited, we do not believe in keeping more cattle than we can handle properly. When our herd increases to a certain size, we must sell in order to make room for the new calves that are coming on.

In our past sales we have sold some very outstanding cattle but we can safely say that the cattle to be sold on October 2nd are the finest we have ever offered. We are strong believers in great individuals plus strong breeding and these cattle rate tops among all who have visited the farm in the past months.

Study the pictures and pedigrees and after your inspection on sale day you will agree that these cattle will work improvement wherever they go.

We have always believed in breeding cattle that were the "middle of the road kind" and those that we will offer on October 2nd measure up to that description with a lot of weight per age. We have built this strong offering around the great breeding bull Cherry Hill Royal Highness, one of the greatest Polled Shorthorn bulls of modern times. These cattle are not overly fitted but are in ideal condition to go out and work for their new owners.

We are very proud to have a consignment from the Landen Farms, Foster, Ohio. The sixteen head they will sell are excellent individuals and strongly backed by the blood of Landen's two International champion bulls.

Plan to attend the Oakwood Customers' Sale on October 1 and we hope you will be with us October 2.

# **Standard Guarantee of the American Shorthorn Breeders' Association . . . .**

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of this state.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.

***The two herds at Lehnert Stock Farm  
and Landen Farms are both  
Bangs Certified and Federally  
Accredited for Tuberculosis. Calfhood  
vaccination is practiced in both herds.***

There is a strong demand everywhere for Polled Shorthorns directly descended from Edellyn Royal Leader 2nd. There's a reason ! This blood has proved prepotent — there is definite evidence that it has improved the Polled Shorthorn breed. **L S F Royal Wonder x2841-608.** He was outstanding as a baby calf and has developed into a wonderful bull in yearling form. We showed him last year as a junior calf only at the Ohio State Fair, where he was made Reserve Junior Champion. A bull he defeated in class was later made reserve Junior Champion at the International Livestock Exposition in 1955. His sire, Willow Lee Wonder, was the 1953 Ohio State Fair Grand Champion and he has proved to be one of the greatest breeding bulls Ohio State University has ever used. He comes from our strong Duchess of Gloster family. We are using this bull on the daughters of Cherry Hill Royal Highness x. We have faith that his calves will be tops. Note his great head, thickness, balance of body and shortness of leg. We quote Mr. Hew McCall Smith, Crieff, Scotland. "Here is a great young bull and certainly the way he is bred, he will be heard from in the future." Some of the sale heifers will carry his service.

**Cherry Hill Royal Highness x2377737.** One of the greatest Polled Shorthorn breeding bulls ever bred by the late H. L. Straus at Cherry Hill Farm. His sire is Edellyn Royal Leader 2nd, whose blood is the most potent in any herd where it has been used. Cherry Hill Royal Highness x comes from a family that has produced some of the best in Polled Shorthorn cattle. His dam was by an International grand champion bull, and he in turn was sired by another International grand champion bull. Cherry Hill Royal Highness himself won grand championship at the 1948 Maryland State Fair in horned and polled competition. We bought this noted breeding bull to use on the daughters of Montezuma x and his calves have proved to be the greatest ever dropped on our farm. Cherry Hill Royal Highness x was selected by the late F. W. Harding to go for export to Duncan Stewart, Millhills, Crieff, Scotland. The bull was unable to make this trip and Mr. Stewart's loss was certainly our gain. Inspect him carefully on sale day for thickness and depth, a great head, wonderful fleshing and a hide that's right. He has written much history for the Polled Shorthorn breed. A number of his calves sell and many sale heifers will carry his service.

**L F Upright Leader 2nd x2864-032.** Sired by Upright Leader X and out of the wonderful Loper Brothers' Augusta cow. This dam's first calf sold in our last sale for \$1200 to Arden Powell at Findlay, Ohio. A great headed, rugged, meaty bull, he has the "makings" of a really top herd sire.

LF Evergreen x by Upright Goods x. First prize junior yearling heifer at the 1954 International and reserve grand champion female at the National Show at Columbus for Landen Farms, Foster, Ohio. She is a half sister to Lot 6 in this sale.

**L F Upright Goods x2870-206.** Tremendous bone, covered with heavy muscle, this is one of the growthest calves we have ever produced. Look at his pedigree; Lady Victoria X was one of the very best show heifers ever produced by Carl Cross. The full sister to Upright Goods X was Grand Champion at Ohio and Indiana and Reserve Grand at Chicago. Upright Goods also sired L F Evergreen X, the great show heifer in our 1954 herd.

More champions and top cattle have been sold by Lehnert Stock Farm in the Ohio State Sales than by any other breeder in the state. The top female in the last Ohio State Sale was a granddaughter of Montezuma x consigned by us.

The top female in the 1956 Oakwood Sale was out of a daughter of Montezuma x.

**L S F Royal Commander 2d x2887-506.** Here is a bull that we recommend to anyone wanting a sure dehorner that will sire calves of good type and color. His pedigree is full of great bulls and his dam was top cow in the 1948 Oakwood Sale. She comes from the great Duchess of Gloster family. His grand dam was a seven-eighths sister to Collynie Compact. This bull has a great smooth head, is thick and short-legged and a deep cherry red. If you are wanting to breed cattle of today's need, buy this bull. One of the best heifers in the sale, L S F Royal Gloster 11th, is of the same family as this bull. Here is proof that they don't come by accident. A half-brother, Rosemeade Sensation, sold in the Belair Dispersal for \$2900 as a five year old bull.

He has a great smooth head, thickness, natural fleshing, deep, wide quarters, plenty of bone and looks like a stud bull should look.
